

## **The Province-Wide Rounds are now accessible via:**

**Telehealth** – connect as usual via Nancy MacFarlane (416-603-5723 or e-mail Nancy.MacFarlane@uhn.on.ca)

**WebEx** – URL: webcast.webex.com. Password: pwrounds

**WebCasting** – URL: webcast.otn.ca (no password necessary)

Important Notice: **Geography is now no barrier** to anyone participating in the rounds. Anyone who has a computer **anywhere in the world** can connect via WebEx and WebCasting. WebEx has a better picture resolution than WebCasting but only 25 people can log on via WebEx. If someone tries WebEx and it doesn't work, then they should try the WebCasting URL.

If you have a connection to the OTN network, Telehealth is still the best option as we can see them and they ask questions directly.

Anyone using WebEx and WebCasting will have to call a phone number to ask questions (We will announce that number at the rounds).

For anyone using Telehealth, WebEx or WebCasting, a Sign-in sheet is attached. They will need to complete that and send it to us to collect CME credits.

Final point, the rounds will now be recorded and are accessible at a later date on the WebCasting URL.
